

Job Description

Job Title: Project Manager

Reporting To: Director of Project Management

Job Function: Project Management (Real Estate and Other)

Job Location: Cleveland, Ohio

Summary:

The Project Manager will be responsible for the overall project management of assigned GBX Group tax asset, and real estate investment. This role coordinates people, projects, and processes, maintains project timelines, manages documentation, and addresses critical issues to advance project objectives and meet overall Company investment goals. The Project Manager must be an analytical and creative thinker, with the ability to successfully manage multiple projects to timely completion. This role will be a member of the Project Management team, work closely with the Finance, Legal, Development, Underwriting, and Asset Management teams, and will be the main point of contact with developer partners, consultants, and historic organizations.

GBX Group is an innovative, entrepreneurial organization. Working with our investors, we are dedicated to the revitalization of historic real estate properties in some of the greatest cities in the US. Our culture is unique and very important to us. We challenge one another, work hard and truly enjoy how our work makes a difference to people in the communities we serve. We are looking for someone who is smart, driven and passionate about being part of a team that makes a real impact to join GBX as our Project Manager.

Essential Duties and Responsibilities:

Project Management:

- Use Company project management tools to develop project timelines, milestones, and deliverables for assigned projects within defined parameters of time and scope.
- Maintain strong working relationships with external developer partners, consultants, Donees, municipalities and internal cross-functional teammates to facilitate project oversight.
- Oversee and hold accountable all project participants per the project timeline.
- Track and maintain project status in Smartsheet project management system and update CRM system.
- Manage document tracking for assigned projects and ensure proper filing of project documentation in accordance with internal documentation management standards.
- Identify and anticipate potential roadblocks, develop creative solutions and alternatives to resolve or minimize the impact of any roadblocks.
- Communicate issues and potential resolutions to meet project timelines, escalating to project stakeholders and Director of Project Management when appropriate.
- Monitor the project budget and actual spend to ensure the project is within or under budget; adjust accordingly when project costs exceed budget.
- Create new and improve existing processes that help move the project along its lifecycle.

Real Estate Project Analysis:

- Perform initial review of all due diligence received from external developer partners and consultants to confirm conformance with GBX standards.
- Coordinate Investment Committee packages and Property Profiles.
- Work with Finance and Development Teams to assemble due diligence materials and coordinate with potential lenders and developer partners.
- Coordinate market research, modeling, and appraisal review in support of the Underwriting team to confirm project meets GBX investment standards, as needed.
- Create and Submit Draw Request Packages.

Job Description

- Serve as a point of contact for the developer partner and ensure frequent and open lines of communication.
- Create and monitor construction schedule.
- Oversee Public Incentives on a project (reimbursement packages, receipt of funds).

Education / Experience:

- 3+ years project management experience.
- Bachelor's degree in business, real estate, legal studies or related area of study preferred.

Knowledge, Skills & Abilities:

Knowledge, skills and abilities listed below are the requirements needed to be proficient in this role.

- Demonstrate behaviors consistent with the organization's Cultural Norms and Core Values.
- Strong Initiative along with a willingness to jump in and solve problems.
- Strong project management skills.
- Well-organized and hard-working with the ability to prioritize and multitask.
- Experience managing and holding accountable third-party vendors.
- Comfortable using technology to track and manage projects.
- Self-directed and able to work well with individuals at all levels of the organization.
- Assertive, creative, and adaptable to changing conditions.
- Results-oriented and detail-oriented with a passion to excel.
- Excellent written and verbal communication skills; knowledge of accepted business language.
- Work non-business hours when necessary, particularly in the fourth quarter of each year.
- Limited travel.
- Exercise sound judgment.
- Meet deadlines.

Computer Skills:

- Proficiency with Microsoft Office software (Word, Excel, PowerPoint, Outlook, Teams).
- Experience with document management software, project management software, and CRM systems.
- Ability to leverage AI platforms (ChatGPT, Copilot, etc.) to streamline workflows, enhance decision-making, and drive innovation through automation and data-driven insights.
- Knowledge of reporting dashboards and analytics platforms (e.g., Power BI, Tableau, Excel) to create visualizations, generate insights, and support data-informed decision-making.
- Ability to learn new proprietary software.
